CANCELLATION POLICY

The Riding with HEART staff monitors the weather and makes every effort not to cancel lessons and will cancel only if it is necessary for the safety of all individuals involved in the lesson. If the forecast is questionable or rapidly changing, staff will wait until 2:00 p.m. to cancel lessons. If lessons are cancelled due to inclement weather RWH will contact you on the phone number you provided on the Participant Form. If the weather looks questionable, feel free to call the office to check if lessons are cancelled. *Only* lessons cancelled by Riding with HEART will qualify for a make-up lesson. We understand that missed lessons are unavoidable at times. Please call the office to report absences before 2:00 P.M. so staff will not have your horse tacked up, ready and waiting for your arrival.

Lessons cancelled by the participant, or a no-show will not qualify for a make-up session.

If there are dates that you know the participant will be unable to attend the lesson (vacation, etc.), you **must let us know before we invoice you for the session**. We cannot offer a make-up after the session has begun.

MAKE-UP LESSONS

There are make-up lessons scheduled at the conclusion of every session for lessons cancelled by RWH only. Make-ups must be used within the scheduled dates. Make-ups will not be carried over into subsequent sessions and make-ups will not be credited to future session payments. The make-up is scheduled the same day of the week as and time as your regular lesson during the make-up period. Late Arrivals Riders arriving 5-10 minutes late for lessons will be mounted and join the lesson. The lesson will end at its regularly scheduled time. Riders arriving 15 minutes or later will forfeit the riding lesson and will not qualify for a make-up lesson.

GROUND LESSONS

Every rider will receive one ground lesson per session. A ground lesson is unmounted and teaches the rider about basic horsemanship skills. Learning about grooming, tacking up, horse behavior and safety around horses has secondary therapeutic benefit in working towards the goals of the rider. Ground lessons strengthen the horse and rider bond and help the rider understand the horse from a different perspective.
